NEW YORK, May 14, 2014 /PRNewswire/ -- Flow Lending LLC has launched the most innovative business funding solutions that will be available to all merchants within the United States and Canada. This will be done regardless of credit issues or any other obstacles where getting the maximum amount will be easy and the rates will be among the best that one can get in USA and Canada today. The brains behind Flow Lending are veterans in merchant cash advance and business funding industry.

Merchant cash advance industry has become very competitive in the recent years with the huge influx of lenders both good and bad. There are also traditional sources like banks but these have failed time and again in providing funding to small and mid size business owners. Through its innovative team of experts, Flow Lending has now launched business funding solutions that will fully fulfill the needs of such merchants all over the country. This is something that has been long due and merchants will now be having a reliable source of huge amounts at very attractive interest rates.

There are merchants who are completely unaware of the inner world of the lending industry and they will accept credit financing without even considering the interest rates. They don't need to go through all this today since there are many companies willing to offer even higher amounts and finding cheaper rates is now very easy. However, one will need to find an honest cash advance company which will offer him multiple funding options without harming his credit.

Small to mid size business owners can now rely on Flow Lending for maximum amount of funding with the lowest interest rates in USA & Canada. The company has years of practical experience in dealing with business owners all over the United States where it serves its

clients with 100% integrity and professionalism. It is for this reason that the underwriters of Flow Lending will see something in a deal where underwriters of other companies failed to see and judge.

Apart from the huge amounts and lower rates, the merchants who will consider these newly launched solutions will also benefit from super fast turnaround time. All matters will be handled with the highest level of professionalism and integrity. Flow Lending is rated among #1 top cash advance companies for repeated merchants and those interested in this offer will have an opportunity of renewing their advances again and again.
